

Scott,

Thank you for visiting our office in Nelson, British Columbia last week for two days. We purchased HCSS HeavyBid and you led our implementation effort with our four-member team.

We were very pleased with the service we received from you. Your knowledge of estimating was certainly of great value, but also we benefited from your experience as a construction executive and company owner. The advice you provided beyond the actual training will certainly be of assistance as we grow our company.

I would be more than happy to speak on behalf of your services to Hadean Aggregate Solutions, Inc. Please do not hesitate to provide my contact information to potential clients.

Sincerely,

A handwritten signature in purple ink, appearing to read 'A. Zukowski', is positioned below the 'Sincerely,' text.
